

**TATARSTAN OIL,
GAS AND PETROCHEMICALS
FORUM**

PROJECT

PROGRAMM

September 6-8 2017 year

September 3-5, Sunday-Tuesday

8.30-18.00	Arrival and registration of exhibitors	<i>Pavilion No. 2, Registration Area</i>
18.00	Closing of pavilions, delivery of stands to security staff	<i>Pavilions No. 1, 2, 3, Open area</i>

September 6, Wednesday

7.00	Arrival of exhibitors, reception of stands from security staff	<i>Pavilions No. 1, 2, 3, Open area</i>
8.30-17.00	Work of exhibition	<i>Pavilions No. 1, 2, 3, Open area</i>
9.00-9.30	<p><u>CEREMONIAL OPENING OF THE TATARSTAN OIL AND GAS-CHEMICAL FORUM, dedicated to the 50th anniversary of the formation of PJSC "Nizhnekamskneftekhim":</u></p> <ul style="list-style-type: none"> - 24th international specialized exhibition "Oil, gas. Petrochemistry" - the 7th specialized exhibition "GEO-KAZAN: Exploration. Geodesy. Cartography" - The 13th specialized exhibition "Ecotechnologies and equipment of the XXI century" - 3rd international specialized exhibition "Interplastika Kazan 2017"- International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"- XII All-Russian scientific-practical conference "Industrial ecology and safety" named after A.I. Schepovskikh- International scientific-practical conference "Additive technologies: equipment, materials, applications" - VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems" - Joint conference including XII International conference "Neftegazstandart-2017" and V International metrological conference "Actual questions of metrological support of measurement of flow and quantity of liquids and gases" - X International Conference "Prospects and Peculiarities of the Russian Polycarbonate Market Development in the Context of Global Trends (Polycarbonate 2017)" - Naucutno-practical conference "Polymers of Tatarstan: science, innovations, production" 	<i>Stage in front of the Main Pavilion</i>

	AWARDING CEREMONY: Winners of the Competition for the best exhibit, project or technical solution (Grand Prix diplomas)	
9.30-10.45	Official round of the exhibition	<i>Pavilions No. 1, 2, 3, Open area</i>
10.45-11.00	Media scrum	
09.00-10.30	<u>Registration of participants:</u> - International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"	<i>Congress-center, foyer</i>
11.00-13.30	<u>PLENARY SESSION:</u> - International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"	<i>Congress Center, Conference Hall "Volga"</i>
14.30-17.45	<u>PLENARY SESSION (continued):</u> - International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"	<i>Congress Center, Conference Hall "Volga"</i>
10.00-11.00	<u>Registration of participants:</u> - International scientific-practical conference "Additive technologies: equipment, materials, applications"	<i>Main Pavilion, Hall</i>
11.00-14.30	<u>PLENARY SESSION:</u> - International scientific-practical conference "Additive technologies: equipment, materials, applications" Organizers: JSC "Tatneftekhiminvest-holding", LLC "Modern equipment" With the support of: Messe Dusseldorf Moscow, the project of additive technologies, 3D printing in the industry <i>3D fab + print Russia</i>	<i>Main Pavilion, Conference Hall «Sviyazhsk»</i>
09.00-10.00	<u>Registration of participants:</u> - Joint Conference XII-th International Conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"	<i>Pavilion №1, Conference-hall «Kama»</i>
10.00-14.00	<u>PLENARY SESSION:</u> - Joint Conference XII-th International Conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"	<i>Pavilion №1, Conference-hall «Kama»</i>
15.00-16.45	<u>ROUND TABLE №1 "Legislative support of attestation of standards, verification of measuring instruments and technical devices with measuring functions":</u> Joint Conference XII-th international conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"	<i>Pavilion №1, Conference-hall «Kama»</i>
9.00-10.00	<u>Registration of participants:</u> - XII All-Russian scientific-practical conference "Industrial ecology and safety" named after A.I. Schepovskikh	<i>Main Pavilion, Conference Hall «Kazan»</i>
10.00-13.00	<u>PLENARY SESSION:</u> - XII All-Russian scientific-practical conference "Industrial ecology and safety" named after A.I. Schepovskikh	<i>Main Pavilion, Conference Hall «Kazan»</i>
10.00-11.00	<u>Registration of participants:</u> - VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"	<i>Pavilion №3, conference hall</i>

11.00-13.30	PLENARY SESSION: - VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"	<i>Pavilion №3, conference hall</i>
14.30-16.40	PLENARY SESSION (continued): - VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"	<i>Pavilion №3, conference hall</i>
10.00-13.00	<u>Registration of participants:</u> - X International specialized conference "Prospects and features of the development of the Russian polycarbonate market in the context of global trends (Polycarbonate 2017)"	<i>Stand of INVENTRA company, Pavilion № 3, stand 3.310</i>
14.00-15.00	ROUND TABLE "Expanding the use of petrochemical products of the republican production in the construction industry" (for enterprises of the Republic of Tatarstan)	<i>Main Pavilion, Conference Hall «Kazan»</i>
15.00-16.00	ROUND TABLE "Expanding the use of petrochemical products in road construction" (for enterprises of the Republic of Tatarstan)	<i>Main Pavilion, Conference Hall «Sviyazhsk»</i>
17.00	Delivery of the exposition of the exhibitions to security staff	<i>Pavilions No. 1, 2, 3, Open area</i>
17.45	EXCURSION round Kazan for participants of the conference "Horizontal wells and fracturing in improving the efficiency of development of oil fields"	
18.00	CEREMONIAL RECEPTION, dedicated to the opening of the Tatarstan oil and gas chemical forum (by invitation cards)	<i>Restaurant</i>
September 7, Thursday		
9.30	Participants of exhibitions arriving, reception of stands from security staff	<i>Pavilions No. 1, 2, 3, Open area</i>
10.00-17.00	Work of exhibitions	<i>Pavilions No. 1, 2, 3, Open area</i>
8.30-9.00	<u>Registration of participants:</u> - International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"	<i>Congress-center, foyer</i>
9.00-13.30	ROUND TABLE : - International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"	<i>Congress Center, Conference Hall "Volga"</i>
14.30-16.00	SUMMARIZING: - International scientific-practical conference "Horizontal wells and fracturing in improving the efficiency of oilfield development"	<i>Congress Center, Conference Hall "Volga"</i>
10.00-10.30	<u>Registration of participants:</u> - Scientific and Practical Conference "Polymers of Tatarstan: Science, Innovations, Production"	<i>Pavilion №3</i>
10.30-11.00	Opening of the Scientific and Practical Conference "Polymers of Tatarstan: Science, Innovations, Production" Organizer: PJSC "Nizhnekamskneftekhim"	<i>Pavilion №3, conference halls №1 and №2</i>
11.00-13.30	Work on the sections of the Scientific and Practical Conference "Polymers of Tatarstan: Science, Innovations, Production" Section "Synthetic rubbers". Section "Plastic masses" Organizer: PJSC "Nizhnekamskneftekhim"	<i>Pavilion №3, conference halls №1 and №2</i>

14.30-15.20	<p>Scientific and Practical Conference "Polymers of Tatarstan: Science, Innovations, Production" (continued) Organizer: PJSC "Nizhnekamskneftekhim"</p>	<i>Pavilion №3, conference halls №1 and №2</i>
15.40-16.30	<p>CONTINUATION of the Scientific and Practical Conference "Polymers of Tatarstan: Science, Innovations, Production". ROUND TABLE. Organizer: PJSC "Nizhnekamskneftekhim"</p>	<i>Pavilion №3, conference halls №1 and №2</i>
10.00-14.00	<p>International Conference "Modern German Technologies and Equipment for the Petrochemical and Oil and Gas Industry" Organizer: Russian-German Chamber of Foreign Trade (AHK)</p>	<i>Main Pavilion, Conference Hall «Kazan»</i>
14.00-16.00	<p>COFFEE-BREAK for participants of the International Conference "Modern German Technologies and Equipment for the Petrochemical and Oil and Gas Industry", B2B meetings with the participants of the German delegation</p>	<i>Main Pavilion, Conference Hall «Bolgar»</i>
9.00-10.00	<p>Registration of participants: - UNITED ROUND TABLE # 3 "Metrological support of measurement of flow and quantity of liquids and gases" and "Methods and means for ensuring the quality of oil and gas products" Joint Conference XII-th international conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"</p>	<i>Pavilion №1, Conference-hall "Kama"</i>
10.00-13.00	<p><u>JOINT ROUND TABLE №3 "Metrological support of measurement of flow and quantity of liquids and gases" and "Methods and means to ensure the quality of oil and gas products":</u> Joint Conference XII-th International Conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"</p>	<i>Pavilion №1, Conference-hall "Kama"</i>
14.00-16.45	<p><u>UNITED ROUND TABLE # 3 "Metrological support of measurement of flow and quantity of liquids and gases" and "Methods and tools for ensuring the quality of oil and gas products" (continued):</u> Joint Conference XII-th international conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"</p>	<i>Pavilion №1, Conference-hall "Kama"</i>
09.30-10.00	<p>Registration of participants: ROUND TABLE №2 "Digital asset in the Digital Economy: standardization, efficiency and safety of the life cycle of oil and gas facilities" Joint Conference XII-th international conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"</p>	<i>Main Pavilion, Hall</i>

10.00-16.00	<p>ROUND TABLE №2 "Digital asset in the Digital Economy: standardization, efficiency and safety of the life cycle of oil and gas facilities" Joint Conference XII-th International Conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases" Organizer: Ministry of Industry and Trade of the Republic of Tatarstan, Rosstandart, RSPP Committee, GC "NEOLANT"</p>	<p><i>Main Pavilion, Conference Hall «Sviyazhsk»</i></p>
10.00-13.00	<p>Meeting of the Technical Committee TC 1.4 "Flow measurement"</p>	<p><i>Congress Center, Conference Hall "Chishmale"</i></p>
10.00-13.00	<p>Meeting of Rosstandart, RSPP and Ministry of Industry and Trade of the Republic of Tatarstan "On the use of express analyzers in the course of monitoring the characteristics of motor fuels" Joint Conference XII-th International Conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"</p>	<p><i>Congress Center, Conference Hall "Vyatka"</i></p>
09.30-15.00	<p>- X International Specialized Conference "Prospects and features of the development of the Russian polycarbonate market in the context of global trends (Polycarbonate 2017)" SESSION 1. STATISTICS. PRODUCTION SESSION 2. PROCESSING</p>	<p><i>Hotel Center Hotel Kazan Kremlin, hall «Mousa Djalil», Kazan, Karl Marks St., 6</i></p>
9.30-18.00	<p>VI International Conference on Industrial Automation <i>Organizer: LLC "Yokogawa Electric CIS"</i> <i>supported by: KBC Advanced Technologies, LLC Pepperl & Fuchs, LLC Phoenix Contact RUS</i></p>	<p><i>N.Ershov St., 1a, Korston Hotel, Kazan</i></p>
15.00	<p>Visiting of the TATARSTAN OIL AND GAS-CHEMICAL FORUM by the participants of the X International Specialized Conference "Prospects and features of the development of the Russian polycarbonate market in the context of global trends (Polycarbonate 2017)"</p>	<p><i>"Kazan Fair" JSC</i></p>
14.00	<p>Awarding the winners of the Competition for the best exhibit, project or technical solution (Diplomas of I, II and III degrees)</p>	<p><i>Stands of participants in pavilions No. 1, 2, 3 and on the open area</i></p>
09.00-12.00	<p>Excursion to Kazan Federal University for participants of the VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"</p>	<p><i>Kazan (Volga region) Federal University</i></p>
13.30-14.30	<p>Moving to the suburban observatory of the participants of the VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"</p>	<p><i>Buses near exhibition</i></p>
15.00-17.00	<p><u>SECTIONAL SESSIONS:</u> - VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"</p>	<p><i>EAO KFU (out-of-town observatory)</i></p>
17.00-17.45	<p><u>PLANETARY VISITING FOR PARTICIPANTS:</u> - VI International Scientific and Practical Conference "Actual problems of geodesy and geoinformation systems"</p>	<p><i>EAO KFU (out-of-town observatory)</i></p>
09.30-18.30	<p>Round table "Staffing of the enterprises of the oil and gas chemical complex: the issues of the development of engineering pedagogy" Organizer: "Kazan National Research Technological University"</p>	<p><i>KNRTU, Kazan, K.Marks St., 72, building B, 3rd floor, assembly hall</i></p>

10:00-16.00	Round table "Energy Efficiency Issues at Oil Refining and Petrochemical Industries", including the section "Small Distributed Energy and Alternative Energy Sources" Organizer: "Kazan State Energy University"	<i>Kazan, KSEU, Krasnoselskaya St., 51, building D, aud. D-223</i>
17.00	Delivery of the exposition of the exhibitions to security staff	<i>Pavilions No. 1, 2, 3, Open area</i>
17.15	EXCURSION in the Raifa Bogoroditsky Monastery for exhibitors	<i>Buses near Pavilion No. 2</i>
September 8, Friday		
9.30	Arrival of exhibitors, reception of stands from security staff	<i>Pavilions No. 1, 2, 3, Open area</i>
10.00-13.00	Work of exhibitions	<i>Pavilions No. 1, 2, 3, Open area</i>
10.00-14.00	MEETING OF THE TECHNICAL COMMITTEE TC 024 "Metrological support of hydrocarbon production and accounting": - Joint Conference XII-th international conference "Neftegazstandart-2017" and V International metrological conference "Actual issues of metrological support of measurement of flow and quantity of liquids and gases"	<i>Pavilion No. 1, Conference Hall "Kama"</i>
09.30-10.00	Registration of participants: - Round table "Engineering support of enterprises of oil and gas chemical complex of the Republic of Tatarstan"	<i>Main Pavilion, Conference Hall , hall</i>
10.00-13.00	Round table "Engineering support of enterprises of the oil and gas chemical complex of the Republic of Tatarstan" Organizer: «Kazan National Research Technical University. A.N. Tupolev-KAI»	<i>Kazan, 8 (eighth) building KSTU Chetaeva St., 18a Busstation "Chistopolskaya", Hall of the Board of Trustees, 2 floor</i>
10.00-14.00	<u>BUSINESS MEETINGS of the main technologists, mechanics and power engineers of the enterprises of the Republic of Tatarstan</u>	<i>Main Pavilion, Conference Hall "Kazan"</i>
13.00-18.00	Dismantling of exposition, departure of exhibitors	<i>Pavilions No. 1, 2, 3, Open area</i>
September 9, Saturday		
8.30-14.00	Dismantling of exposition, departure of exhibitors	<i>Pavilions No. 1, 2, 3, Open area</i>

Changes in the program of the Tatarstan oil and gas chemical forum are possible.
In pavilions No. 1, No. 2, No. 3 there are information stands where you can get information on all issues
